

RECALL NOTICE - 10/18/17

CPSC file # RP180005

Omega Pacific has discovered a defect in a limited number of the G-FIRST series carabiners and is announcing a voluntary recall for replacement. The defect was discovered during an internal quality assurance procedure and was determined to affect a single lot. We will replace each returned unit with a new product.

Here are the details:

- Any G-FIRST with Lot "OD" on the frame's spine should be returned for replacement
- Approximately 1700 were produced and shipped between February and October 1st 2017
- There are SIX item numbers to check for Lot "OD" on the spine, as shown above
- The defect was discovered through internal testing; no accident or injury is associated with this recall
- All internal testing has verified affected product meets and/or exceeds its rated strength, but all product marked "OD" should be returned, regardless
- Recall is limited to the item numbers listed below
- No other goods are included in this recall, and if you are in possession of similar items which are not lot "OD", they are not subject to this recall
- We have informed the US Consumer Product Safety Commission and are managing this recall with them- <https://www.cpsc.gov/Recalls/>

Please securely package any of the affected goods and send them to:
